Online Cash Management Banking Solution

Why not give business members the best possible online service?

BUSINESS VALUE

- Enhance Service
- Increase Revenue

COMPATIBILITY

- Episys®

Symitar's JHA Small Business Cash Management solution offers business members unprecedented flexibility and online access to their accounts with ACH, wire transfer, reporting, and account management capabilities.

JHA Small Business Cash Management, which is fully integrated with Symitar's NetTeller® Online Banking™ solution, enhances the member experience with optional single sign-on access to all Internet-based banking functions. This integrated approach also enables NetTeller Cash Management to be seamlessly introduced in response to member and market-driven demands and dynamic business strategies.

This solution improves business member self-sufficiency, interaction, and loyalty by leveraging the power and convenience of the Internet to provide greater control and online service 24/7/365, cash management entitlement, ACH origination, file uploads, and wire transfers. This solution also provides access to online transactional information and full account management capabilities.

This innovative system strictly enforces the industry's highest security standards, seamlessly integrates ongoing technology advances, and is fully integrated with Symitar's core processing solution: Episys®.

JHA Small Business Cash Management is another innovative Internet banking solution that provides a strategic component of a comprehensive e-commerce strategy, enhances member service, and strengthens competitive positioning.
