

## Legal Scripted FM

*Capture collection agency data in tracking records*

**BUSINESS VALUE**

- Save Money
- Improve Operations

**COMPATIBILITY**

- Episys®

This product is part of Symitar's Collections Toolkit (CTK). It provides near real-time capture of information about a share or loan that's been given to a legal or collection agency.

**IT WORKS LIKE THIS ...**

CTK Legal Scripted FM provides an HTML interface that enables users to capture and maintain legal information in a Collection Package Work Card Tracking record. It creates Collection Work Card and Collection Work Card Note records.

The product adds and removes account and level warnings, and updates share/loan credit reporting fields.

**WHAT IT DOES:**

- Provides near-real-time capture of legal data
- Creates Collection Work Card and Collection Work Card Note records
- Adds and removes account and level warnings
- Updates share/loan credit reporting fields

**WHAT IT DOES FOR ME:**

- Simplifies collections by quickly and clearly presenting relevant data
- Saves time and labor by creating records and updating fields
